Group 3 Communications Log

Members of group 3 get back to each other within a reasonable amount of time and try to answer any questions another group member may have.

Date	Comment
Jan. 25	Created discord server so everyone can easily discuss project
Feb. 5	Ryan had not been active so he did not upload to github in time
March 3	We decided that Asal will do the next iteration plan, and discussed the class diagram
March 5	We discussed who's doing what for iteration 3
March 16	We decided that Bethany is coding the move pieces functionality and Asal is coding the saving functionality.
March 19	We discussed who's doing what for iteration 4, and the gameboard and piece classes, and the saving method.
